The Quabbin Health District is a comprehensive regional health department serving the communities of Belchertown, Ware, and Pelham. It was established in 1980 by a Town meeting vote and was formed under the Section 27A of Chapter 111 of the MGL.

The district provides public health services for the roughly 26,267 residents within these communities and provides each town with the shared personnel, equipment, and other resources to carry out the required public health duties and create healthy communities.
